Objective:
Digital Artist specialized in UX/UI Design with a proven ability to elevate user experiences on both mobile and desktop platforms. Seeking to apply my expertise in UX/UI design to contribute to the success of the business.

Professional Experience:

UX/UI Designer | Harsh Studios, Miami, United States (Remote) | 2023 - Present

- Led the redesign of a job referral web app, optimizing the UI/UX for mobile and desktop platforms to drive substantial business growth.
- Implemented user driven features to enhance the web app intuitiveness and navigation.

UX/UI Designer | NuTech Advisors, Austin, TX, United States (Remote) | 2022 - 2023

- Led the end to end design of a user centric mobile app for the US Real Estate Market, collaborating seamlessly with a global team of developers and designers.
- Orchestrated the design of a US Real Estate Market website, contributing to its success and substantial impact on business growth.

Self-Employed Freelance UX/UI Designer (Remote) | 2021 - Present

- Conceptualized and crafted designs for mobile applications, web apps, and websites.
- Produced prototypes showcased in compelling storytelling videos, significantly influencing software sales.
- Partnered with key industry figures to provide customized UX/UI solutions.
